

### ***Quatro Boots Return Policy***

Try your boots on upon arrival. Walk around the house on clean floors and carpets. If the size is not the fit you prefer, the boots are returnable in the original shipping box and the call tag enclosed. **The boots are not returnable once worn!** The manufacturer's 6 month guarantee covers only manufacturer workmanship, not fit problems or abuse to the boots. Boots must be clean inside and out for an exchange of sizes or refund.

### ***Quatro Boots Fit Guide***

Quatro Boots fit comfortably up to an American men's D width by following these size suggestions.

- Fits one whole size smaller than your average men's American whole size. IE if you are an American men's size 10 a Quatro size 9 will fit very well.
- If you are a men's American 1/2 size order the whole number smaller for a closer fit. IE if you are an American men's size 10 1/2 order a Quatro size 10.
- If you are a men's American size 10 1/2 and want a roomy fit -room for medium to heavy weight socks order a Quatro size 11. These boots will not "stretch out" to fit like a leather boot will. If In Doubt at ALL- order the larger size to ensure a comfortable- room for socks and not too close of a fit.
- If you have very wide feet IE in the "E" width range order at least one whole larger in Quatro sizing or better yet the "same" size as you wear. IE if you are an American men's size 10 double E order a Quatro size 10 for a close fit. You might want to even try a size 11 to be able to get your foot passed the "bend" at the ankle. You will have a bit of extra length to achieve the width, but should be a good fit. If you require a roomy fit, order size 11.
- Women order two sizes smaller than your normal American women's whole size. IE If you wear an American women's size 10 order a Quatro size 8. Quatro size 5 will fit an American women's size 7 very comfortably-room for medium to heavy weight socks.
- Women's half size has same theory as men's only using two-size split. If you wear an American women's size 7 1/2 order a Quatro size 5 for a close fit, order a Quatro size 6 for a roomy fit- room for a medium to heavy weight sock. Women's wide sizing seems to not be a problem as the Quatro standard fit is roomy to begin with.

Special Note: if you are a woman who has the unfortunate problem of boots being too tight at the calf more times than not, this boot might not really work for you. We are working on developing a version of the Quatro with a gusset at the top to enlarge that calf opening to allow for room for larger calves as well as room for tucking in extra heavy overalls. Don't loose faith, add [QuatroBoots.com](http://QuatroBoots.com) to your favorites and check us occasionally for new fits. OR better yet! Email us with your desire for this fit and we will contact you when we have a boot ready to roll.
